

Faculty Forum

Current Challenges in Cancer Control and Population Sciences

Presented by:

Robert Croyle, PhD

*Director, Division of Cancer Control and Population Sciences
National Cancer Institute, Rockville, MD*

Host: Christine Ambrosone, PhD
Chair, Cancer Prevention & Control

Wednesday, February 25, 2009

8:00 – 9:00 am

Roswell Park Cancer Institute

Center for Genetics and Pharmacology, Zebro Family Conference Center

At the conclusion of the program, participants should be able to:

- ◆ Describe the scientific and policy context of NCI's strategic efforts in cancer control and population science;
- ◆ Identify current efforts and challenges in facilitating transdisciplinary science and its application at the national level;
- ◆ Discuss opportunities for research funding associated with the transition to a new administration and Congress;
- ◆ Expand interdisciplinary collaborations with NCI-supported research networks and consortia, including the utilization of large data sets, tools, and resources.

ATTENTION: YOU MUST SIGN THE ATTENDANCE SHEET TO RECEIVE CME CREDIT.

Roswell Park Cancer Institute is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Roswell Park Cancer Institute designates this educational activity for a maximum of 1 category 1 credits toward the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

Dr. Croyle reports no financial relationships with commercial companies.
